We are an Equal  
Opportunities Employer

Mantle Stonemasonry specialises in the construction of stonework on new-build homes as well as the restoration of existing buildings. Typical projects entail selection of stone, cutting and dressing of the stone and fabricating it to create a high end bespoke finish. This requires a team that is highly versatile whilst being passionate about their craft.

On offer is the opportunity to join this young, dynamic team of specialists in creating and restoring traditional stonework. The successful candidate will learn a wide range of skills in this timeless trade and can contribute to the preservation of our local heritage.

The apprenticeship is ideally suited to school leavers with creative flair and who wish to work outdoors in the construction industry.

---

**The ideal candidate will also:**

- Be flexible
- Be physically fit and mobile
- Have good problem solving skills
- Be a strong team player with a strong work ethic
- Have good communication and social skills
- Be motivated by challenge

**Benefits:**

- Full training will be given during the 3 year apprenticeship
  - Competitive salary
  - Workplace pension (if eligible)
  - Final qualification of NVQ Level 3 Stonemasonry will be awarded on successful completion of apprenticeship
-
